

### A Note from the teachers

Mr Burton and Mrs Burton would like to welcome back all of year 5. We hope you all had a lovely Christmas and are looking to the exciting new term ahead. We will all face new challenges as we learn together new topics in: English, Maths, Science, Geography, History and RE.

### This term in class we are learning...

- English: Focus this term is based around figurative language and expanding sentence structure. Children will also be writing their own Myths and Legends.
- Maths: Fractions, decimals and percentages. Recognising equivalent fractions, comparing fractions and adding and subtracting fractions.
- Science: Living things and their habitats; including animals and humans.
- In Geography will be learning how to observe, measure and record human and physical features in the local area, using a range of methods.
- History: The study of the fascinating Industrial Revolution.
- MFL: French - asking for classroom items and general greetings.

Spring term 2018

# Year 5 Newsletter

### Homework

Homework has been set and books need to be in school every Friday. Children will need to secure and good understanding of 'time' and we would urge you to refer to a clock/watch as much as possible throughout the day, as this will be invaluable to the children throughout the year.

### Educational Visits and Visitors

At the end of January, year 5 will be going on a week visit to Arthog out door centre in North Wales. Details of further educational visits such as The Houses of Parliament will follow.

### PE Kits

Please remember everyone needs a warm PE kit at this time of year, including trainers, tracksuit bottoms and a jumper. Your PE kit should come into school on a Monday and go home on a Friday.

As part of PE this term children will be continuing to have a lesson on Fridays, in addition to an indoor session on Tuesday morning.

### Important Reminders

There will be a huge focus on children learning their tables as this will inevitably have an impact on their ability to secure a good understanding of division and fractions. Pupils are reminded to learn their spellings each week for the day on which they have their test.

Also remember to have your reading book and reading diary in school **EVERY** day.
