### 1. Aims

Schools are required under the Equality Act 2010 to have an accessibility plan. The purpose of the plan is to:

- Increase the extent to which disabled pupils can participate in the curriculum.
- Improve the physical environment of the school to enable disabled pupils to take better advantage of education, benefits, facilities and services provided.
- Improve the availability of accessible information to disabled pupils.

Our school aims to treat all of its pupils fairly and with respect. This involves providing access and opportunities for all pupils without discrimination of any kind.

**Lawley School Vision - Planting the Seeds, Growing the Future - is based on the two key principles of:** Encouraging better learners and developing lifelong learners.

### Values

We are clear about the values we wish to promote in our school. They are:

**Happiness, Respect, Courage, Friendship and Responsibility.** They were adopted as a result of a consultation involving a wide range of stakeholders (including pupils), which produced a list of values that are not dependent on race, culture, class or religion, and from which the five core values were chosen.

### Mission statement

Our Mission statement: **The Best We Can Be!** At Lawley Primary School we strive to provide an environment in which **every child** can be cared for spiritually, morally, socially, culturally, intellectually, and physically, allowing everyone to be the best that they can be. We are committed to giving every one of our children every opportunity to achieve the highest of standards. We do this by taking account of all pupils' varied experiences and needs. We offer a broad and balanced curriculum and have high expectations of all of our children.

This plan will be made available online on the school website, and paper copies are available upon request.

Our school is also committed to ensuring staff are trained in equality issues with reference to the Equality Act 2010, including understanding disability issues.

The school supports any available partnerships to develop and implement the plan.

The schoolwork's in partnership with the Local Authority Building Surveyor to ensure all changes to the school environment increase access for any disabled pupils who may attend our school in the future. The school has one member of staff with disabilities, and she has been consulted about the accessibility of the school.

In addition to our generic admission arrangements, as a school, we take into account the specific needs of individuals including those with a disability.

Pupils with disabilities will have equal access to appropriate learning opportunities, which take into account individual needs and disabilities.

As a school we will facilitate access to the specialist support services when appropriate and necessary.

Presently we have 4 disabled toilets, a disabled parking bay, wide access doors to all blocks including the main entrance and ramps to access different areas outdoors (to the field and around the new block).

Advice on additional provision will be sought when necessary.

Our school's complaints procedure covers the accessibility plan. If you have any concerns relating to accessibility in school, this procedure sets out the process for raising these concerns.

We have included a range of stakeholders in the development of this accessibility plan, including pupils, parents, staff and governors of the school.

## **2. Legislation and guidance**

This document meets the requirements of [schedule 10 of the Equality Act 2010](#) and the Department for Education (DfE) [guidance for schools on the Equality Act 2010](#).

The Equality Act 2010 defines an individual as disabled if he or she has a physical or mental impairment that has a 'substantial' and 'long-term' adverse effect on his or her ability to undertake normal day to day activities.

Under the [Special Educational Needs and Disability \(SEND\) Code of Practice](#), 'long-term' is defined as 'a year or more' and 'substantial' is defined as 'more than minor or trivial'. The definition includes sensory impairments such as those affecting sight or hearing, and long-term health conditions such as asthma, diabetes, epilepsy and cancer.

Schools are required to make 'reasonable adjustments' for pupils with disabilities under the Equality Act 2010, to alleviate any substantial disadvantage that a disabled pupil faces in comparison with non-disabled pupils. This can include, for example, the provision of an auxiliary aid or adjustments to premises.

### 3. Action plan

This action plan sets out the aims of our accessibility plan in accordance with the Equality Act 2010.

Aim	Current good practice
<p>Liaise with pre-school providers and parents at the earliest opportunity to review potential intake for September</p>	<p>The EYFS Manager leads Hub meetings termly with pre-school providers ensure that there is a good relationship between these and school.</p> <p>Early contact between school and EYLSAT.</p> <p>EYFS teachers visit all pre-school settings if possible. Where this is not possible, contact is made via phone.</p> <p>EYFS teachers visit parents and child at home (virtually during Covid-19)</p> <p>Meetings arranges with EYFS teachers and SENCo for parents of new intake with health or disability difficulties.</p> <p>This has been highlighted by Telford and Wrekin attendance team as excellent practice.</p>
<p>Ensure close liaison with outside agencies for pupils with on-going health needs</p>	<p>SENDCo, class teachers and TAs continue to liaise regularly with parents and health providers e.g., Speech and Language Therapists, School Nurse Service, Occupational Therapists to support meeting the needs of pupils.</p> <p>School ensures that information provided by health professionals is disseminated to appropriate staff.</p> <p>Staff training in managing asthma and anaphylaxis takes place at least annually for all staff.</p> <p>Other training for specific health issues is arranged and attended by appropriate staff</p> <p>All classes have up to date information about children with health issues.</p> <p>Children with health issues have individual risk assessments and evacuation plans where needed.</p>

<p>Ensure full access to the curriculum for pupils with a disability</p>	<p>Our school offers a differentiated curriculum for all pupils.          We use resources tailored to the needs of pupils who require support to access the curriculum.          Curriculum resources include examples of people with disabilities.          Curriculum progress is tracked for all pupils, including those with a disability.          Targets are set effectively and are appropriate for pupils with additional needs.          The curriculum is reviewed to ensure it meets the needs of all pupils.</p>
<p>Develop and maintain access to the physical environment</p>	<p>The environment is adapted to the needs of pupils as required.          This includes:</p> <ul style="list-style-type: none"> <li>• Corridor width</li> <li>• A disabled parking bay</li> <li>• Disabled toilets and changing facilities</li> <li>• Outdoor ramp to upper playground</li> <li>• Library shelves at wheelchair-accessible height</li> <li>• Specialist/adapted furniture</li> <li>• Enhanced Access Control including automatic door &amp; door entry pads</li> </ul>
